TalenTrust

Talent Acquisition Audit

Audit

Analyze

Optimize

**OVERVIEW:**

TalenTrust's TA Audit takes a deep dive into your talent acquisition, retention, and culture processes, with the intent to identify and **help you close gaps** within these systems. This information is gathered via in-depth anonymous stakeholder interviews; our experts analyzing your company data relevant to talent acquisition; and gaining a strong pulse on the current state and future goals of your business.
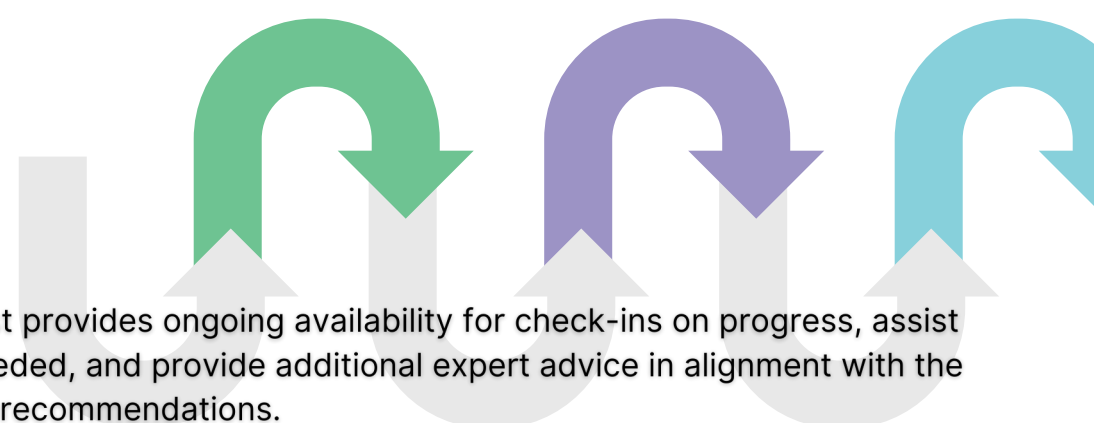

WHAT'S INCLUDED

Extensive workbook of resources and recommendations for continuous improvement, including:

- Employment Branding Strategy, including campaign templates, social media specific tips, and overall online presence best practices
- Internal Employee Engagement programs
- Talent Acquisition best practices and usable templates for lead generation, candidate engagement, interviews, and onboarding
- Onboarding and New Hire roadmap for success
- Employee Recognition best practices and recommended internal systems
- Additional training for supervisory level employees
- Timeline and Project Plan for next steps

TalenTrust provides ongoing availability for check-ins on progress, assist where needed, and provide additional expert advice in alignment with the delivered recommendations.
